PROFESSIONAL SUMMARY

Computer Science graduate with 1 year of hands-on experience in IT Operations and data center infrastructure support, including network troubleshooting, IT asset lifecycle management, BLE-based asset tracking, infrastructure monitoring, system logs, dashboards, and SOP-driven operations. Strong foundation in AWS, Git, Jenkins, Docker, Kubernetes, Ansible, Terraform, CI/CD, networking, and monitoring through practical projects, internship experience, and certifications. Seeking opportunities in DevOps, Cloud Support, NOC, IT Operations, or Junior Cloud Engineering.

CORE SKILLS

Cloud Computing: AWS, EC2, VPC, S3, IAM, CloudWatch

DevOps & CI/CD: Jenkins, CI/CD Pipelines

Containers & Orchestration: Docker, Kubernetes

Infrastructure as Code: Terraform

Configuration Management: Ansible

Networking: VPC, DNS, Load Balancing, Wi-Fi Troubleshooting, Network Troubleshooting

Monitoring & Logging: AWS CloudWatch, Nagios, System Logs, Operational Dashboards

Version Control: Git, GitHub

Build Tools: Maven

IT Operations: Asset Lifecycle Management, BLE Asset Tracking, Incident Tracking, SOP-Driven Operations

PROFESSIONAL EXPERIENCE

Junior Operations Executive, Syook — Hyderabad, India

September 2025 · September 2026

- Supported data center infrastructure operations, helping maintain availability and stable performance of server and network environments.
- Performed network troubleshooting for LAN, Wi-Fi, and connectivity-related issues to support operational continuity.
- Managed IT asset lifecycle operations, including asset tagging, inventory tracking, documentation, and infrastructure record maintenance.
- Worked with BLE-based asset tracking systems to improve real-time visibility and accuracy of IT infrastructure and assets.
- Maintained system logs and operational dashboards to support infrastructure monitoring and incident tracking.
- Followed SOP-driven operational workflows for issue handling, documentation, and infrastructure operations.
- Supported server, rack, hardware, and asset-related operational activities within data center environments.
- Maintained accurate operational records and supported audit-ready infrastructure documentation.

PROJECTS

Web Application Deployment Automation Using Jenkins, Docker & Ansible

- Provisioned AWS EC2 instances for Jenkins and Docker-based deployment infrastructure.
- Installed and configured Jenkins, Docker, and Ansible for application deployment automation.
- Deployed a custom web application using Docker containers and Nginx.
- Integrated GitHub webhooks with Jenkins to trigger automated builds when code was updated.
- Configured SSH communication between Jenkins and the Docker server to support automated deployment.
- Implemented a practical CI/CD workflow covering source-code changes, automated builds, and containerized deployment.

IoT-Based Animal Tracking and Health Monitoring System

Technologies: ESP32, GPS, IoT, Adafruit IO, Blynk, Arduino IDE, Health Sensors

- Developed an IoT-based system for real-time animal location tracking and health monitoring using ESP32 and GPS technology.
- Integrated GPS NEO-6M, heartbeat, temperature, and other sensors to collect animal location and health parameters.
- Programmed the ESP32 to collect sensor data and transmit it wirelessly to the Adafruit IO cloud platform for visualization and monitoring.
- Implemented monitoring dashboards using Adafruit IO/Blynk to visualize sensor data and support remote observation.
- Enabled continuous tracking of animal location and pulse rate, helping identify health abnormalities and locate animals in large farm areas.

CERTIFICATIONS

- AWS Academy Graduate – AWS Academy Cloud Architecting, AWS Academy
- AWS Academy Graduate – AWS Academy Cloud Foundations, AWS Academy, 2024
- DevOps & AWS Internship, Kapil IT Skill Hub (Aug 2024 – Oct 2024)
- Introduction to Internet of Things, NPTEL
- AWS Cloud Virtual Internship, APSCHE-EduSkills, 2024

EDUCATION

Bachelor of Technology in Computer Science and Engineering <i>G. Pullaiah College of Engineering and Technology, Kurnool</i>	2020 – 2024
Intermediate <i>Narayana Junior College</i>	2018 – 2020
High School <i>Ravindra Bharathi School</i>	2018
